

VIRGINIA'S SEXUAL & DOMESTIC VIOLENCE CRISIS CENTERS ARE IN CRISIS

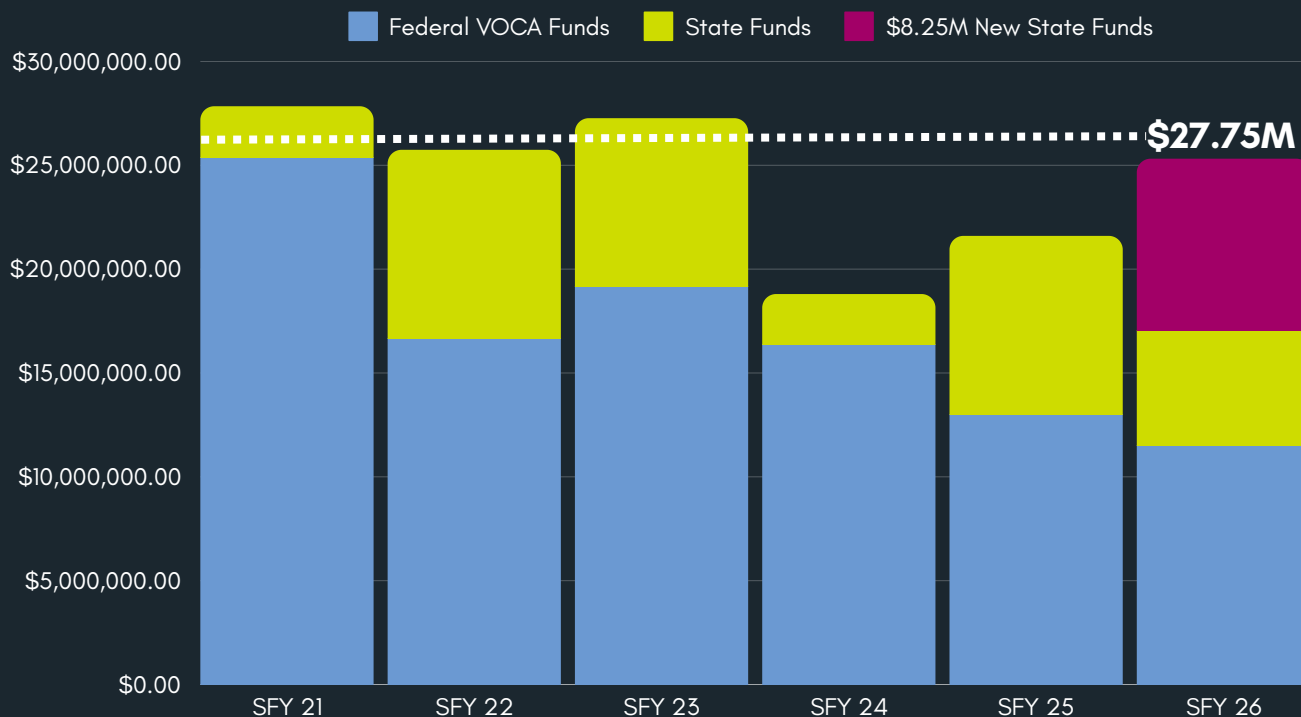

HOW SFY25 FUNDING HAS MADE A DIFFERENCE

- State investments made in SFY25 prevented interruption to 24/7 hotlines, legal advocacy services, and emergency housing for victims.
- ARPA funds mitigated ongoing cuts to the field, but as these expire in 2025, victims are left standing on the edge of a financial cliff.

\$8.25M NEEDED TO STABILIZE VICTIM SERVICES

A total combined state and federal investment of \$27.75M is the goal to preserve vital services in every community across Virginia.
